Agricultural Research Management, Hyderabad

and

University of Hyderabad

About the programme

One Year Post Graduate Diploma in Educational Technology and Management (PGDETM) is a two-semester course jointly offered by ICAR-NAARM and UoH, Hyderabad on a distance education mode through online. The programme offers an excellent opportunity to address the growing needs and demands in every aspect of education, curriculum development, instructional design, teaching-learning, evaluation & assessment, educational management and Ethical Issues in Educational Technology.

The aim of the course is to develop capable and competent teachers/potential teachers of Universities and academic institutions. The course is structured to provide application of systematic knowledge about learning and instruction to teaching and training with aim of improving their quality and efficiency.

About the organizing Institution

ICAR-NAARM: The National Academy of Agricultural Research Management was established on 1 September 1976 by the Indian Council of Agricultural Research (ICAR) for enhancing the capacity of individuals and institutions of the National Agricultural Research and Education System (NARES) in research, education and extension management.

The academy is presently offering Post Graduate Diploma in Agricultural Management and Technology Management (PGDMA & PGDTMA) to develop a new generation of young leaders and managers for sustainable agricultural development.

University of Hyderabad(UoH): Is a premier institution of Post-Graduate teaching and research in the country, was established as a Central University - first of its kind in Southern India.

The Centre for Distance and Virtual Learning (CDVL) : Is one of the oldest centres of the UoH which offers sixteen One year Post Graduate Diploma Programmes in various subjects through distance mode which are knowledge oriented and skill up gradation programmes.
