DEPARTMENT, GOVERNMENT OF TELANGANA**

Exchanging of MoU online mode

This MoU signed with Bairisons Agro India Private Limited (BAIPL), Hyderabad on virtual on 25th May, 2021 with the following objective:

The two parties will work together on development and deployment of the Artificial Intelligence enabled solution with more accurate & authentic pest alert for decision-making information in cotton farming.

The two parties will further work on mutual research work to enhance the capability of the current Artificial Intelligence based solution to increase the accuracy, reach and the impact created by the solution. These projects would be mutually agreed upon and Project proposals would be drafted as per need basis.
